Swedish Match sells Stockholm Headquarters to Nordisk Renting for SEK 725

Nordisk Renting acquired Swedish Match's Corporate headquarters in Stockholm on December 21, 1998, and at the same time entered into a long-term leasing agreement for the entire property.

The divestment will result in a capital gain of SEK 267 M for Swedish Match.

The sale of the property is part of Swedish Match's strategy of preparing itself to play an active part in suitable structural transactions in the tobacco industry.

The property, the building of which began in the 1920s, originally housed the only modern tobacco factory and raw tobacco warehouse in the Stockholm region. Since then, the property has been successively converted and extended and today it is a high-class, modern office property. The freehold site comprises an entire block of 19,000 square meters bounded by Rosenlundsgatan, Maria Bangata and Maria Skolgata. Included with the property are development rights for approximately 6,000 square meters. The buildings have a leasable area of slightly more than 44,000 square meters, as well as 110 garage parking spaces.

This property acquisition is an element in Nordisk Renting's strategy of acquiring properties for long-term lease to financially strong parties.
